WALLACE PRESS-TIMES

EXPONENT OF THE COEUR D'ALENES—YOUR NEWSPAPER AND YOUR PRINTER

WALLACE, IDAHO, SUNDAY JANUARY 25, 1931. VOL. 35. NO. 290.

PRICE: FIVE CENTS A COPY.

Weather

Idaho: Increasing cloudiness Sunday and Monday; unsettled, probably with local rains and snows; warmer Monday.

Wallace: Saturday—maximum 42, minimum 32.

Metal Prices

Copper	16c
Lead, New York	$4.75
East St. Louis	$4.60
Zinc, E. St. Louis	$4.00@$4.05
Antimony	$7.50
Bar Silver	29¾c

BILL PROPOSED TO ALLOW FOUR PER CENT BEER

Attitude of President Hoover on Prohibition Discussed in Senate; May Be "Moist."

WASHINGTON, Jan. 24. (AP)—The attitude of President Hoover on prohibition was discussed in the senate today as modification to allow four per cent beer was put up for a vote.

Senator Wheeler (Dem., Mont.) asserted that intimates of the president have "passed out the word secretly that the president is moist on the prohibition issue." He based his statement on newspaper stories which he read to the senate.

While administration leaders kept out of the discussion, Senator Brookhart said he interpreted the stories to show the president has an open mind on prohibition to mean that he is for revision to make the dry law more enforceable.

Senator Bingham (Rep., Conn.) offers the bill to legalize four per cent beer. He asks for a record vote and appeared to be in a position to get the first test in the senate since national prohibition. He said he did not believe President Hoover favored his proposal.

Sub for Howell Bill.

His bill was offered as a substitute for the pending Howell bill, establishing an enforcement act for the District of Columbia. The Howell bill opened the flood gate of prohibition oratory. It was still pending tonight and offered an opening for much discussion on prohibition.

The Bingham beer measure was sidetracked for disposition of an amendment by Senator Blaine to strike from the Howell bill provisions allowing search and seizures in homes of evidences that stills are operating in them.

It was this provision which was condemned by drys and wets. Senator Howell, (Rep., Neb.) author of the bill, said it was necessary to keep Washington from continuing as the "sanctuary of bootleggers." He conceded that Attorney General Mitchell opposed the provision.

Reads News Stories.

Senator Wheeler read newspaper stories published recently purporting to show that Walter Newton, executive secretary to the president, and Secretary Hurley had said Mr. Hoover's message to congress on the law enforcement commission report was being misinterpreted and that Mr. Hoover had an open mind.

"They are giving the impression," said Wheeler, "that the president is moist."

"These newspapers," argued Senator Brookhart, "can frame up most any kind of story. I am with the president."

"Yes," continued Wheeler, "I understand the senator from Iowa wants to think the president as dry as he is. He surely will be as much disappointed as he was in the president's progressiveness two years ago."

OIL WELL GETS OUT OF CONTROL

PAYETTE, Idaho, Jan. 24. (AP)—The Crystal Dome Oil company well, six miles northeast of here, broke out of control today and gas hurled driving equipment and debris high into the air.

The flow continued heavily for several hours until the well was choked with sand and rock. It was the second outbreak, the first occurring at about the 1,000-foot level. At the time the officers estimated the flow at 10,000,000 cubic feet per day.

Today's flow occurred from the 2,200-foot level. The amount of gas was not measured before sand shut it off. Spectators were barred.

ASBESTOS THROAT NEEDED FOR JOB

SPOKANE, Wash. (AP)—Some gentleman whose lungs are made of asbestos and whose throat tissues will stand the gaff, has a job cut out for him here.

Frank Smith, a cigar store proprietor, has decided that Mr. Pipe Smoker would like his hods already broken in; and all mechanical smokers he has found fell down on the job.

"There are ten tastern, coffe chewers and nine sippers; why not pipe pacifiers?" he asked.

NEED GOOD METHODS.

MOSCOW, Idaho. (AP)—Pren Moore, extension poultryman for the University of Idaho, says "the poultry outlook appears encouraging" but that only good poultrymen, with better than average methods, can survive business depression comfortably.

GIVEN STIFF SENTENCE.

MOSCOW, Jan. 24. (AP)—Roy Farrell, who pleaded guilty yesterday to forging a check at Genesee early this week, was sentenced to one to 14 years in the state prison by District Judge G. D. Hodge today.

NIGHT CLUB OWNER TREATED ROUGHLY

Stabbed, Shot and Beaten; Police Seek Truth From Cigaret Girl.

NEW YORK, Jan. 24. (AP)—Through the pert lips of a Broadway-wise night club cigaret girl police hope tonight to solve a gun battle which raged at dawn in the luxurious club, Abbey, and in which a night club owner was stabbed, shot and beaten.

Mavish King, 22, peddler of cigarets to the free-spending patrons of the club, took the wounded man, Charles Sherman, 32, to a hospital and told police she had found him in the street in front of the club.

But detectives found the club a wreck. The walls had been perforated with bullets. The furnishings were stained with blood. Two automatic pistols, their clips emptied, were found.

The driver of the cab in which Herman had been taken to the hospital told of hearing the girl mutter "we'll get them yet, Charley."

Under questioning by the police she admitted her story was untrue and said the attack occurred in the club.

Sherman, well known in big time gambling circles on Long Island, insisted he was attacked by two men. He was shot in the face, shoulders, arms and had three bullet wounds and bruises all over his body apparently from blows and kicks.

BANDIT MURDERS TRAFFIC OFFICER

Policeman Killed in Cold Blood When He Asked About License.

MEDFORD, Ore., Jan. 24. (AP)—Protected from an enraged community, C. Adams, 33, was heavily guarded in a jail cell here tonight, accused of the cold blooded killing of Sam Prescott, young traffic officer of Ashland.

Prescott was shot to death as he stopped Adams' automobile to question him about a driver's license. One bullet sent Prescott to the ground and two more shots fired by the killer brought instant death. Adams was captured an hour later. The district attorney said he had made an oral confession.

Adams was driving a stolen automobile bearing Washington license plates and was accompanied by Earl Herman, 19, of Wenatchee, who said he was picked up by Adams in Eugene yesterday. The youth was held as a material witness.

Police said Adams confessed to a number of recent holdups in Seattle, Tacoma and Portland.

OFFICIALS QUELL PRISON DISORDER

JEFFERSON CITY, Mo., Jan. 24. (AP)—Officials and guards of the Missouri penitentiary tonight quelled disorder in "I" hall, the "hard-boiled prison" inside the penitentiary, soon after the trouble broke out. Three convicts were slightly injured.

The trouble started about 6:30 p. m., shortly before the annual governor's military ball was to begin, and at 7:46 p. m. officials announced the outbreak had been put down with no one injured.

The rioting convicts in the cell building, in which 473 of the most desperate inmates are crowded, overpowered three guards and took their pistols.

ONLY 10 STATES AID ENFORCEMENT

WASHINGTON, Jan. 24. (AP)—Figures designed to show that 10 states are now appropriating less than $642,000 to help enforce prohibition—while 38 leave enforcement to the federal government—were contained in a statement issued today by the Crusaders.

They said that since 1927 10 states which previously had appropriated funds for dry law enforcement "had ceased to cooperate in the noble experiment." They were named as Massachusetts, Montana, Missouri, Nebraska, Rhode Island, South Dakota, Utah, Wisconsin, Nevada and Wyoming.

In eight of the 10 states now appropriating there are "a total of 181 prohibition enforcement officers or an average of one offfiicer per 90,000 inhabitants."

NEW PREMIER AT HELM OF FRANCE

PARIS, Jan. 24. (AP)—Pierre Laval, youthful independent socialist senator and one of the leaders of the left center moderate, tonight took up the task of forming a cabinet to succeed that headed by Senator Steeg, overthrown in the chamber of deputies Thursday.

He accepted the task at the hands of President Dumergue after Aristide Briand, veteran of many ministries had declined the premiership for the fourth time in a year and a half.

TRUCK DRIVER IS FREED OF BLAME

MOUNTAIN HOME, Jan. 24. (AP)—A coroner's jury today exonerated L. S. Webb, truck driver, from blame in connection with the death of Ray Magee of Boise and N. K. Bott of Prosser, Wash., who were killed in an automobile collision here Thursday night.

The jury decided it was an unavoidable accident.

Evidence was introduced to show that Magee swerved across the road to enter a garage and came directly into the path of the truck. The heavier machine hit the light auto headon and carried it backward against a tree. Fire broke out, which burned Magee and his companion.

AVERY DOES BIT TO AID DROUTH AREA

Respond With $64 for County Chapter's Quota of $1500.

The citizens of Avery have done their bit toward raising Shoshone county's $1500 quota of the $10,000,000 fund the American Red Cross is attempting to raise in the United States for relief of drouth sufferers.

Almost before the county chapter's committee had organized the canvas, James E. Gyde Jr., county secretary, received a letter from Mary B. Thiault, Avery chairman, containing $64, the contribution of the little railroad town.

The text of the Avery chairman's letter expresses the spirit in which the fund was subscribed:

"I heard the plea over the radio Thursday night (when President Hoover, Alfred E. Smith, Calvin Coolidge and other notables talked over a nation-wide hookup, urging the American people to respond to the Red Cross call) and I did not even wait to hear it all, but started out at once to do my bit. I am herewith enclosing the result of the drive. We have about 125 people here and nearly all the ladies belong to the Community club, which donated $50."

Mrs. Marietta Helgel assisted in collecting the Avery funds, although the weather conditions were bad and the two women had considerable difficulty in visiting every one.

JURY SENTENCES WOMAN TO DEATH

SAN ANTONIO, Jan. 24. (AP)—For the first time in the history of Texas criminal courts, a jury sentenced a woman to death today when Mrs. Uhr, 49, was found guilty in connection with the slaying of her husband, Daniel Henry Uhr.

Uhr, bedridden paralytic, was killed by a blow on the head with an ax while he slept in his home October 18. Mrs. Uhr and L. Jones and Donald Walker, Fort Sam Houston soldiers, were charged with the killing. Jones testified he had been promised $500 by Mrs. Uhr to kill her husband. Walker was sentenced to 12 years' imprisonment. Jones' trial is yet to be held.

If the court's judgment is carried out she will be electrocuted in the state penitentiary.

She received the verdict calmly.

TWO JACKS ARE FRIENDS AGAIN

NEW YORK, Jan. 24. (AP)—Jack Sharkey and Jack Dempsey, two of boxing's bitter rivals, have made up again by telephone, just to be sure.

Sharkey called the Polyclinic hospital this morning to convey his sympathies to the former champion, suffering from an infected finger.

Dempsey wasn't at the hospital or at hotel either but he phoned Sharkey as soon as he heard the Boston gob was seeking him.

Dempsey assured Sharkey the story published under his name was all a mistake and he never wrote he could knock out Sharkey any time he wanted. Dempsey said The Ring was authorized to use his name. They swapped mutual admirations and hung up, the best of friends.

MISS JOHNSON WEDS F. HULL

Miss Genevieve Johnson, daughter of Mr. and Mrs. Henry W. Johnson, Wallace, was married January 21 at North Bend, Ore., to Francis H. Hull, former Kellogg youth, now an electrical engineer, parents of the girl announced Saturday night.

Mrs. Hull, who attended the Wallace grade school, is a graduate of the Tekoe high school and the Northwestern Business college, Spokane. The wedding announcement came as a surprise to the newlyweds' many friends in the district.

BRING PRISONERS HERE.

Ray Dertina, alias Ray Davis, and Mrs. Dertina, who were arrested in Spokane Friday night on a warrant sworn out here on charges of obtaining money under false pretenses, were returned to Wallace Saturday by Deputy Sheriffs Horace Traak and Fred May to await arraignment which will probably be Monday.

JOUETT SHOUSE FAVORS CHANGE IN LIQUOR LAW

Democratic National Chairman Says He Hopes His Party Will Meet Situation Wisely

WASHINGTON, Jan. 24. (AP)—A recommendation for a change in the liquor laws and the hope that the democratic party would meet the prohibition situation "with courage and without equivocation on the next platform" are expressed by Jouett Shouse, writing in the February issue of the Atlantic Monthly.

Shouse is chairman of the democratic national committee. Speaking of the prohibition situation he said "the democratic party has thus far taken no national stand."

"I am not attempting to speak for any one except myself, but I do not hesitate to express the hope my party may face this vexed problem with courage and without equivocation.

"That a large number of people are dissatisfied with present conditions there can be no doubt. The underworld has built up the illicit selling of liquor into a most profitable business. Allied with it is every kind of crime and racketeering and until reform is accomplished there seems no possibility of a beneficial change in conditions. It is idle to suggest that prohibition is not a political question. Only through political action can its correction be had and until existing provisions are repealed or modified the contempt for law enforcement must be expected only to spread."

MANY KILLED WHEN TRAIN IS DERAILED

HELENWOOD, Tenn., Jan. 24. (AP)—The Suwannee river special of the Southern railway was derailed near here late today and five bodies had been taken from the wreckage.

The names of four of the dead were given at Somerset, Ky., as Harry Lindle, engineer; Charles Seaton, fireman; Mrs. Charles D. Rinehart, Pasadena, Calif., and Mrs. Crowell, Indianapolis. The fifth was an unidentified woman passenger.

WALKER-SHARKEY BATTLE IN SIGHT

GRAND RAPIDS, Mich., Jan. 24. (AP)—Floyd Fitzsimmons, Benton Harbor promoter, today offered a $200,000 purse for a bout between Mickey Walker and Jack Sharkey to be held in Detroit.

Fitzsimmons made the offer to Jack Kearns, Walker's manager, who seconded Walker in a scrap with Joe Lohman here last night.

Fitzsimmons suggested that Walker and Sharkey split the purse evenly and Kearns indicated he would accept. Fitzsimmons believes a Walker-Sharkey bout would attract a $350,000 gate.

SAYS DEMPSEY READY TO FIGHT

NEW YORK, Jan. 24. (AP)—In more or less official language the word is out today Jack Dempsey will fight again this summer if or wherever some kind gentleman can lay $500,000 on the line.

"You can safely say," whispered Billy Duffy, "that the champ is ready and eager for another comeback. He wants only one fight but he might take two. He's ready to go. He feels he has at least one more great fight left in his system."

The Day In Washington

(By the Associated Press.)

Red Cross announced $1,670,952 has been subscribed in call for $10,000,000 drought relief fund.

Internal revenue bureau accepted resignation of Mrs. Myrtle Blackledge as internal revenue collector at Chicago.

Interstate commerce commission recommends that congress repeal recapture section of transportation act under which government takes railroad's excess earnings.

Senator Nye proposed senate investigate whether prices of oil and gasoline are being illegally maintained.

Chairman Hawley of house ways and means committee announced committee will take up immediately question of establishing national policy to prevent importation of forced labor products.

Senate discussed President Hoover's attitude on prohibition.

5,000,000 WITH NO WORK DEC. 1

WASHINGTON, Jan. 24. (AP)—Unemployment in the United States during the first week of December was estimated today by the president's commission for employment to have affected between 4,5000,000 and 5,000,000 persons or about 10 per cent of the population which ordinarily would be engaged in gainful occupation.

Col. Arthur Woods, head of the commission, said the estimate was based on a special census taken by the Metropolitan Life Insurance company. He forwarded the compilations to the senate which had called for the study. Woods expressed the opinion conditions had not changed materially since.

DEBOE BLAMES REX BELL FOR HER FATE

Says Cowboy Went Gunning for Her Job to Get Her Out of Way.

LOS ANGELES, Jan. 24. (AP)—On the broad shoulders of Cowboy Rex Bell, Daisy DeBoe placed the blame today for her conviction of the theft of $825 from Clara Bow. Rex, she said, went gunning for her job as secretary to the screen queen of flappers and dug up the charges to "get me out of the way."

Daisy is "out of the way" for the moment at least. From behind the bars of the county jail she talked freely. She told about her plans and thoughts and her face was all smiles.

Although she believed Bell responsible for her fate, that is not the most important thing in the tide of ascent for her.

Right now she wants to get out of jail and "fight to a finish" the verdict of guilty which the jury returned against her yesterday.

Will File Appeal.

One to 10 years in prison or freedom on probation are the penalties provided by law for her crime. She said she will not apply for probation but will file notice of appeal when she is brought up for sentence on Monday before Judge William Doran.

Jail, Daisy said, isn't a place where she wants to stay very long. The surroundings are not all that could be desired and blue denim dresses don't display pretty blondes to the best advantage.

When all of this is behind her she wants to refill a long cherished ambition, a long career on the stage. She first hopes to make some money in vaudeville "or somthing like it, you know" and then spend it in study. Then her real career will begin.

FAMOUS YACHT SINKS AT PIER

PHILADELPHIA, Jan. 24. (AP)—The Mayflower, famous as the presidential yacht of five American presidents, sank in 24 feet of water at her pier at the Philadelphia navy yard tonight after fire destroyed her.

Fire from an undetermined cause pushed from the Mayflower shortly before 10 o'clock, an explosion tearing hatches away.

All the fire fighting aparatus in the navy yard was sent to the scene and virtually every marine and sailor in the yard fought the fire with hose line and extinguishers.

IDAHO DEFEATS COUGARS, 30 TO 25

MOSCOW, Jan. 24. (AP)—The University of Idaho outplayed Washington State college basketball team throughout their game tonight and won, 30 to 25. The Vandals were in the lead throughout except for a short time in the second half.

Washington State went into the lead early in the second half.

Soon regaining the lead, however, Idaho ran the score to 30 to 23 after which the Cougars scored one basket.

Close guarding by the Vandals kept Washington State players in check. Huntley Gordon, State college center, was held in leash by Kenneth Parks, who played a brilliant game. Drummond, guard, and Wicks, forward, tallied nine points each for Idaho. McLarney, guard, led the Cougar scorers with eight points.

This was Idaho's first victory in the northern division of the Pacific coast conference.

PLANT REOPENS

PHOENIX, Ariz., Jan. 24. (AP)—Announcement was received today that the Miami Copper company at Miami will resume operations Monday after a three-day shutdown with a force of 1000 men. Similar economy inditions were received a threatened shutdown of the United Verde copper plant will not materialize.

KEEP SLATE CLEAN

EUGENE, Ore., Jan. 24. (AP)—The University of Washington chalked up its sixth consecutive northern division Pacific coast conference victory here tonight defeating the University of Oregon, 38 to 26.

ROSS WAS COWBOY.

BOISE. (AP)—C. Ben Ross, newly inaugurated governor of Idaho, spent ten years as a cowpuncher, beginning at the age of eight, and helping herd 15,000 head of cattle until he was 18.

MANY PLANES JOIN SEARCH FOR PILOT

Receive No Response From Radio Messages; Missing Three Days.

SPOKANE, Jan. 24. (AP)—Up to sundown today when searching planes returned to their bases, no clue had been found as to the whereabouts of Walter E. Case, a crack pilot of the Varney Air Mail line, who disappeared in a gale and clouds Thursday morning.

The search was transferred today from the prairies of central and eastern Washington to the forest and canyon regions along the Columbia river between Goldendale, Wash., and Portland. Five army planes from Felts field soared like hawks all day, each with an observer in addition to the pilot

Radio of No Avail.

PORTLAND, Jan. 24. (AP)—Unsuccessful attempts were made tonight to establish radio communication with Walter E. Case, mail pilot, missing since Thursday morning. For five minutes all pilots using the Boeing system radio telephone wave length were silent. Officials said Case's receiving set might be in operation. He might be able to answer by "radio taps."

Operators here asked a series of questions and requested that Case answer by taps. There was no response.

Varney officials said tonight the search would be concentrated near Goldendale, Wash., tomorrow.

WOULD COOPERATE ON OUTSIDE ROADS

Would Work With Government on Highways Connecting State.

BOISE, Jan. 24. (AP)—A draft of the bill authorizing the department of public works to cooperate with the federal government in building arterial highways outside this state which connect with Idaho highways was presented today to the senate highway committee, supporters of the proposed Idaho-Oregon-Nevada cutoff road.

No action was taken on the measure but the chairman was directed to confer with sponsors of the bill. The proposal specifies such out of state cooperation would be authorized only on highways which would facilitate getting Idaho produce to market.

The measure was the second aimed at benefiting the cutoff route to San Francisco and Los Angeles. The first memorial was directed to the secretary of agriculture and governor of Oregon, asking that the Oregon share of the recent appropriation of the Colton-Oddie bill money be allotted to the Oregon portion of the road, which Senator Grebe of Ada described as the only uncompleted section of the highway. The allotment has been assigned to another highway, however, it was learned here.

Survey Highways.

BOISE, Jan. 24. (AP)—Senators Isaacson of Oneida county, chairman of the senate highways committee, announced today a joint resolution would be introduced in the legislature Monday providing for a federal-state survey of highways as a basis for drawing up a long time program for highway construction.

The measure is the second aimed at benefiting the cutoff route to San Francisco and Los Angeles. The first memorial was directed to the secretary of agriculture and governor of Oregon, asking that the Oregon share of the recent appropriation of the Colton-Oddie bill money be allotted to the Oregon portion of the road, which Senator Grebe of Ada described as the only uncompleted section of the highway. The allotment has been assigned to another highway, however, it was learned here.

The measure was discussed at the last session with advocates insisting that access to this information was used in prosecuting rate cases against utilities companies.

At a hearing two years ago representatives of railroads protested the request contained information concerning business affairs of the utilities which should not be open to the public.

The house education committee introduced a bill which would fix at $5 the monthly tuition to be paid by one school district to another in event of transfer of students.

Equalize Education.

BOISE, Jan. 24. (AP)—Senator Alma Hanson of Teton county announced tonight the education committee of which he is chairman has devised a measure to provide an educational equalization fund.

Although insisting it was not a state-wide school tax he said "we provide for raising this equalization fund which distributed not generally but on the basis of actual need. Where a district has levied the full sum allowed by law and still is unable to maintain an eight-months school it will share the fund.

WOMAN RESIGNS AS COLLECTOR

CHICAGO, Jan. 24. (AP)—Mrs. Myrtle Tanner Blackledge resigned as collector of the internal revenue for northern Illinois today. It was the culmination of the $50,000 fero swindle of Springfield, Ill., into which she said she was innocently drawn. She brought to a close the federal investigation into the charges made by Edward R. Litsenger, member of the Cook county board of review that she was a party to a plot in which he was mulked out of $50,000.

If prosecution is to be made it must come from city and county authorities.

FLIER KILLED

PORTLAND, Jan. 24. (AP)—Earl Pounder, veteran Portland flier, was injured fatally and Kelf Goings, Vancouver, Wash., aviation student, hurt severely when the plane they were flying plunged into a muddy field near here today.

FLU IN CONGRESS

WASHINGTON, Jan. 24. (AP)—Additional members of congress were stricken today by a mild type of influenzo. Speaker Longworth said no one was seriously sick.

FOREST FUNDS ALLOCATED TO IDAHO COUNTIES

Shoshone County to Get $42,938 From Sale of Timber and Forest Products.

BOISE, Jan. 24. (AP)—Allocation of the counties of federal forest funds totaling $165,521 derived from sale of timber and forest products in Idaho was announced today by George B. Barret, state treasurer.

Among the allotments are Bannock, $2000; Bear Lake, $2796; Benewah, $13; Blaine, $3385; Bonner, $12,676; Bonneville, $6561; Boundary, $4651; Caribou, $4129; Cassiah, $5299; Clearwater, $2516; Custer, $6952; Fremont, $3351; Idaho, $6334; Kootenai, $27,347; Latah, $722; Oneida, $1044; Shoshone, $42,938; Teton, $1458; Twin Falls, $1217.

Governor Approves Bill.

BOISE, Idaho, Jan. 24. (AP)—The bill which would permit the state land board to be lenient with upper Snake river wheat growers in payments on state land went to Governor Ross today after being passed by the house. It previously was passed by the senate.

The bill permitted the state land board to allow purchasers of state land to defer payment of principal and interest that has been delinquent over the past two years. Representative Turner, republican, Madison, explained the bill and it went over with a single dissenting vote, that of Butler, who said it prolonged the time property is kept off the tax rolls.

Freshafer Measure.

In a similarly quiescent mood the senate heard Senator Freehafer's motion to reconsider the resolution calling for the employment of Roy Dodge, Seattle tax expert, as the legislature's tax consultant. The motion lost, 23 to 19, with two absent, and the measure was adopted.

This completed the arrangement whereby Dodge will receive $2000 for drawing up a new tax measure and acting as consultant.

Representative Anderson, Bingham, and Keating, Kootenai, introduced a bill proposing to abolish the state department of public investments and place the business of handling endowment funds under the direct supervision of the state land board.

Question Constitutionality.

Authors of the bill said there is some question as to the constitutionality of the present system where the commissioner invests public endowment funds given the state by the federal government for the benefit of schools and other public institutions.

The board would be empowered to hire a manager at $3000 yearly and he would be under the direct supervision of the board. All investments would be approved by the board under the law.

Under the present system the commissioner draws a salary of $3600 a year.

A bill was introduced by the house fish and game committee for the federal government to acquire land and water in the state necessary for further protection of migratory bird life and lessen the danger from swamp drainage and destruction of other breeding places.

A bill to clear up the title of tax deeds issued by counties was introduced by the house revenue taxation committee with the express provision that these issues during 1929, 1930 and 1931 be validated.

The public utilities commission of the house introduced a bill replacing 2447 of the compiled satutes which prohibit the public utilities commission from giving out information contained in annual reports of utilities furnishing in the state.

The measure was discussed at the last session with advocates insisting that access to this information was used in prosecuting rate cases against utilities companies.

At a hearing two years ago representatives of railroads protested the request contained information concerning business affairs of the utilities which should not be open to the public.

The house education committee introduced a bill which would fix at $5 the monthly tuition to be paid by one school district to another in event of transfer of students.

Equalize Education.

BOISE, Jan. 24. (AP)—Senator Alma Hanson of Teton county announced tonight the education committee of which he is chairman has devised a measure to provide an educational equalization fund.

Although insisting it was not a state-wide school tax he said "we provide for raising this equalization fund which distributed not generally but on the basis of actual need. Where a district has levied the full sum allowed by law and still is unable to maintain an eight-months school it will share the fund.

YANKS SIGN SEWELL.

NEW YORK, Jan. 24. (AP)—The New York Yankees have signed Joe Sewell, veteran Cleveland infielder who was given his unconditional release a few days ago.

MINES OF THE COEUR D'ALENES

No Legislation on Assessment Work

Bill to Relieve Mining Claim Owners Sidetracked by Senate Committee on Mining.

There will be no legislation by congress this session relieving owners of mining claims from doing assessment work on their claims either for this year or last, says Harry J. Brown in the Boise statesman.

The senate committee on mining, after discussing the bill which would waive this requirement, decided to sidetrack the bill and the house committee, which had before it a similar bill, has been importuned to take no action. The interior department is on record as opposing this legislation. That is another factor which insures no action by congress.

The house Wednesday passed the Smith bill permitting an exchange of 320 acres of privately owned land near craters of the Moon national monument for other public land, so as to give the government title to lands to be traversed by a pipe line to convey water to the craters.

PERSONALS

Robert Herick, son of Mr. and Mrs. W. H. Herrick, Wallace, will leave Tuesday for Moscow where he will enroll as a student at the University of Idaho.

Harry Groner, Kellogg, transacted business in Wallace Saturday.

Paul Heiffner, Page, was a business visitor in Wallace Saturday afternoon.

Oscar Olson, Kellogg, obtained an automobile license from the county assessor Saturday afternoon.

Joe Beller, Kellogg, attended to business interests in Wallace Saturday afternoon.

Harvey Miller, Kellogg, was a business visitor in Wallace Saturday afternoon.

John Andrasko, Mullan, was a local business visitor Saturday afternoon.

Robert M. Love, Kellogg, was a business visitor in the city Saturday afternoon.

W. L. Pinson, Smeiterville, was a business visitor in Wallace Saturday.

Edward Mitchell, Mullan, obtained an automobile license from the county assessor Friday.

R. C. Acton, Masonia, was a Wallace business visitor Saturday.

R. W. Hastings, Spokane, was a business visitor in Wallace Saturday night.

Mrs. Hilma Hagman, Kingston, is visiting friends in Wallace.

E. W. Knee, Spokane, and J. M. Burns, Spokane, are business visitors in Wallace. They are registered at the Samuels.

C. E. Christy, Coeur d'Alene; A. J. Bertens, Roundup, Mont., and G. J. Brurmann, Roundup, Mont., are registered at the Ryan hotel.

Mrs. Mary Hite, Burke, was a business visitor in Wallace Saturday.

Mr. and Mrs. John Hall, Butte, are registered at Sweets hotel.

Dr. and Mrs. Max T. Smith left Saturday morning on the Northern Pacific for Rochester, Minnesota.

Herman J. Rossi returned Friday night from Lewiston where he was on business.

Ed Booth of Murray was a business visitor in Wallace Saturday.

Elmer W. Timken, Page, was a local business caller Saturday.

Phil C. Demarree, Page, obtained an automobile license from the county assessor Saturday morning.

Charles Parks, Kingston, transacted business here Saturday.

J. Fredberg, Page, attended to business interests here Saturday.

E. M. Jaubert, Sweeney, was a local business visitor Saturday.

Cecil E. Kindsvater, Smeiterville, obtained an automobile license from the county assessor Saturday morning.

E. J. Muchmore, Mullan, obtained an automobile license from the county assessor Saturday morning.

Mrs. Clarence Hodges, Gem, was a local business visitor Saturday.

John Luoma, Mullan, transacted business at the courthouse Saturday.

NEW YORK, Jan. 24. (AP)—The security markets today finished prosaically the best week of the new year. Stocks reacted narrowly under profit taking. Changes in bonds were insignificant.

An unsettled opening suggested that main traders preferred cash profits to paper ones for considerable overnight selling was in evidence. The narrow decline disclosed the existence of buying orders just below the market and the encouraged bulls pushed forward the motors and accessory issues for a further test of strength. The rally in these groups revived the rest of the market sufficiently to cancel early losses but a late break in tobaccos brought a renewal of realizing with the result that utilities and industrials closed lower and the gains in the motors were halved. Rails were dull and steady.
